WELCOME

Welcome to the 3rd Knysna Extreme 0.5 Triathlon!!

2020 was a tough year due to Covid-19 but that didn't prevent the 2020 Knysna Extreme 0.5 from being a success. The sold-out field took on the challenge with the 98% of the field crossing the finish line at Diepwalle Forest Station. And I am looking forward to welcoming the next batch of extreme athletes to Knysna.

Although not as extreme as the full Knysna Extreme Triathlon, this course will challenge you as an athlete, and take you on an incredible journey through one of the most stunning areas in South Africa - one we hope that you will enjoy. Thanks to past finishers, the Knysna Extreme 0.5 has been rated the best triathlon in South Africa.

The Extreme 0.5 isn't just a race but an experience, which you will be sharing with your Supporter/s and other Athletes around you. Encourage and support each other along the 132.5 km route.

Thank you for taking part in the event and giving us the chance to create this experience for you.

Sean – Race Director
